DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination (RCE) under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application on 07/08/09 after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935) of 12/18/07. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submissions filed concurrently with the RCE (IDS and amendment) have been entered. Claims 66, 67, 85-89, 95-98, 101, 102, and 109-123 are pending in the instant application.

Amendment

2. The amendment filed 07/08/09 is not in proper format. All amendments must be made with respect to the printed patent. All subject matter to be deleted from the patent should appear in square brackets “[]”. All subject matter which is new with respect to the patent must be underlined at all times. 37 CFR 1.173(b). The newly added claim 123 has not been underlined. Furthermore, the claim 90 has been previously cancelled, however is not listed in the aforementioned amendment. Furthermore, claim 109 depends on cancelled claim 91. Appropriate corrections are required.

Allowable Subject Matter

3. Claims 66, 67, 85-89, 95-98, 101, 102, and 111-123 have been allowed. The claims 109 and 110 would be allowed, subject to correction of dependency of claim 109.

The following is a statement of reasons for the indication of allowable subject matter:

Regarding claims 66, 67, 85-89, 95-98, 101, 102, and 109-112, reasons for indication of the allowable subject matter have been presented earlier in section five (5) of the final Office action of 07/06/2007. Regarding claims 113-117 and newly added claims 118-123, the independent claims 113 and 118 are allowed for the same reasons as previously allowed claim 85.

Furthermore, all limitations “display panel(s)” throughout the allowed claims have been given their broadest reasonable interpretation consistent with the specification, which is the “Liquid Crystal Display (LCD) panel(s)”, (“the meaning of a particular claim term may be defined by implication, that is, according to the usage of the term in >the< context in the specification”. See *Phillips v. AWH Corp.*, 415 F.3d 1303, 75 USPQ2d 1321 (Fed. Cir. 2005)).

Conclusion

4. This application is in condition for allowance except for the formal matters presented above.

Art Unit: 2835

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935). Therefore, amendments affecting the scope of the claims will not be entered .

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
